

WORRY OVER HUN ATTACK REVEALED

Sims Tells New Story of Allied Anxiety Over U-Boats

PLANS 'IMPRactical'

Daniel's Statement Characterized as "Inaccurate" by Admiral; Wanted Japs

WASHINGTON. March 13.—A dramatic unclassified story of submarine warfare in London and Washington from German officials, although a broken hope still against American transports was dimmed, came to the Senate today. Admiral Daniel, Minister of War, told the Senate that operations of the British fleet in the Atlantic and Mediterranean, which he said had been suspended for a time because of the lack of planes, were now resuming in full force. The British, he said, were interested in the submarine warfare in the Atlantic, and the Americans, who had been engaged in it, were interested in the submarine warfare in the Pacific.

Admiral Sims said that the committee, when it presented its report to the Senate, Admiral Sims said, the committee had to make against the navy department were contained targets to the first six or eight months of the war. When he entered today upon his story of events that occurred in the summer of 1918, he said he did so because Mr. Daniels, in advancing the committee, had indicated that Admiral Sims had in London was "merely a local one."

The statement was inaccurate, Admiral Sims said.

In the spring of 1918, he said, when the submarine menace had been overcome naval officials in London made some apprehension that German ships, as at least twice, would sink battle cruisers in the hope of destroying an American convoy. That this apprehension was felt also at the navy department, he said, was demonstrated by the following telegram from Admiral Benson:

"As last, hope German battle cruisers may be sent out to complete destruction of our large convoys. We depend upon you to gain and give information on this point and grant leave to take necessary action until United States could act."

In reply Admiral Sims said, he called that everything possible would be done to intercept raiding German cruisers, but that there could not be any assurance that enemy battle cruisers would not reach the open Atlantic undetected. He advised guarding United States troops convex with battleships.

Despite this, he said, the navy department on July 30 outlined a plan of its own to meet such raids, predicated, he added on "false promise" that advanced warning would be given. The plan contemplated the division of American battle cruisers at Queenstown, Ireland, to cover the eastern Atlantic, another to be held at home in readiness to cover the western Atlantic and a division of Japanese battle cruisers to be stationed with the Atlantic fleet to pursue and sink raiders.

"The plan was impractical for a number of reasons," Admiral Sims

HURT ALL OVER COULDN'T SLEEP

Suffered So Much and So Long, Indiana Lady Became Discouraged, and at Times Cared Little to Live

Leavenworth, Ind.—Mrs. Hannah Price, of this town, writes: "About six years ago I began the use of Cardil for female weakness. I suffered such fearful bearing down pains at . . . It seemed like something was just pressing on the top of my head and it turned like fire. I was indeed a nervous wench."

"For four years I could do no housework. I was in bed most of the time . . . I got so discouraged, and at times I wanted to die. I was in so much pain. At times I broke all over . . . At night I was restless and couldn't sleep. I had no appetite. In fact was a burden to myself and even to others."

"I continued in this condition until finally I began Cardil. Took Cardil constantly until I took a number of tablets until my doctor says two months for this treatment and highly recommends it to others."

The more than forty years Cardil has proved beneficial to suffering women.

DENTISTS ARRIVE FOR STATE MEET

Ninth Annual Convention to Hear Well Known Lecturers

Five prominent dental societies are in the city to attend the ninth annual session of the Oklahoma State Dental Association, which opened Monday morning and will continue until Saturday afternoon. Sessions are being held in the municipal auditorium, and classes are held in the old high school building and in private offices.

Success post graduate courses are being given at this meeting in charge of Drs. T. B. Hartwell and T. W. Macmillan of Minneapolis, Minn., Dr. Campbell of Kansas City, and A. A. Roth and A. E. Finch of Chicago. About 125 dentists from over the state are attending. A business meeting is to be held Monday night and another will be held Tuesday night. Dr. V. F. Homfelt of Muskogee is president of the association. Dr. C. W. Bay of Tulsa is president elect.

The wife of Dr. Hartwell, Mrs. Hartwell, is said to have admitted the shooting but claimed it was done in self defense. She is being held in the county jail but no charge has been filed against her.

The husband is said to have told the officers just before his death that his wife shot him but that it was not his fault. At the county jail the wife said her husband locked the door of their room at the hotel, hit and kicked her, knocked her down and then started after her with a knife. She ran away and quickly reached about the neck and breast. The knife and pistol are being held by the officers.

The couple were married March 3, 1918, at Monroe, Okla. The wife's father, E. Moreland, lives on a farm near Sapulpa. The couple have lived in Monroe about six months.

Congressman's Wife Dies.
WASHINGTON, March 15.—Mrs. Charles Estenau Timbrook, wife of the representative from Colorado, died here today from stroke of death due to sleeping sickness.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

PAID POLITICAL ADVERTISING

FREEDOM VS. Y. M. C. A. POLITICS

The "Law and Order League" synonymous with "Y. M. C. A." stands for law enforcement as applied to the 18th Amendment (or PROHIBITION LAW); but it also stands for the violation of other sections of the same Constitution of the United States as described in the Preamble of the same, and in Amendments Nos. 4, 8 and 10 thereto.

What man can deny that the "law and order crowd" are right now plotting ways and means to defeat the various candidates, not because they are not able to win, but because they are not candidates. This direct violation of Article No. 6-aid if evidence can be secured some of these blots will be sent to prison on account of it.

Amendment No. 8 reads in full: "Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted." But our Oklahoma Federal judges, under pressure from such friends as are trying to rule our city, assess fines of \$500 to \$1,000 for the possession of liquor when it is sure that it will be used only for private purposes. Is this not another violation?

The Preamble of the Constitution, among other things, recites that the Constitution is to "ESTABLISH JUSTICE" and to "SECURE THE BLESSINGS OF LIBERTY." Where is the justice or the liberty under "law and order" autocratic rule? Their every move is a violation of the very spirit of the constitution.

Amendment No. 4 recites in full: "The right of the people to be secure in their persons, houses, papers and effects against unreasonable searches and seizures, shall not be violated and no warrants shall issue, unless upon probable cause, supported by oath or affirmation and particularly describing the place to be searched and the persons or things to be seized." This amendment is violated daily by the liquor enforcement officers under instructions from "higher ups" who in turn take their orders from such as the Y. M. C. A. and the "Law and Order League."

Furthermore, under Amendment No. 19, Congress and the State Legislatures are specifically enjoined from passing laws relative to the rights of citizens which eighth and tenth directly in the Constitution. Who can deny that the rights of the individual, the corporation, and the liquor bar, are an inalienable right of man for ten thousand years. The 18th amendment or PROHIBITION denies this right and the law covering its enforcement is an insult to the intelligence of every free citizen.

VOICE FOR THE RE-ELECTION OF MAYOR HUBBARD AND HIS COMMISSIONERS. They stand for wise enforcement of the laws. Voice against the Law and Order League and the Y. M. C. A. which stand against the law of public opinion as directed by the people of the Constitution which they have sworn to uphold. And furthermore good citizens refuse to subscribe to the Y. M. C. A. Club or Tulsa craft fund. Let their support come from the narrow minded clique which owns them body and soul and which is trying to ruin our city state and nation. Call your friends' attention to this article.
